Welcome to the eighth annual PPG Piano Festival. The Piano Pedagogy Group is a teacher's support group for teachers studying piano pedagogy or working towards an exam goal. The festival is put on for PPG teachers and their students. All students of any age or level are encouraged to enter any style or genre of piece. The festival also offers a teacher's class for PPG teachers who are working on repertoire.

Our mission is to:

- provide a positive learning atmosphere
- give students a chance to perform for other students and parents
- learn from a qualified adjudicator to gain extra insight into repertoire
